Hazards Types and Analysis

Schedule Dates:

Start Date	End Date	Place
18 AUG 2024	22 AUG 2024	DUBAI - SWISSOTEL AL MUROOJ, DUBAI

Program Introduction:

Hazard identification and analysis is a critical aspect of maintaining safety in various industries. This training course on "Hazard Types and Analysis" provides a comprehensive understanding of different types of hazards, their potential impacts, and effective analysis techniques to mitigate risks. Participants will gain valuable insights into identifying, assessing, and managing hazards in their respective fields.

Course Objectives:

- ✓ To provide an in-depth understanding of various types of hazards.
- ✓ To teach effective methods for hazard identification and risk assessment.
- ✓ To equip participants with skills to analyze and manage hazards in their workplace.
- ✓ To enhance the ability to develop and implement effective hazard control measures.
- ✓ To foster a proactive approach to safety management and risk mitigation.

Who should attend?

- Safety officers and managers
- Risk assessment professionals
- Industrial hygienists
- Environmental health and safety (EHS) professionals
- Facility managers
- Engineers and technical staff involved in safety and risk management
- Occupational health professionals

Program Outlines

Day One

- Introduction to Hazard Types
- Physical Hazards
- Chemical Hazards
- Biological Hazards
- Ergonomic Hazards

Day Two

- Psychosocial Hazards
- Hazard Identification Techniques
- Risk Assessment Methodologies
- Hazard Analysis Methods
- Root Cause Analysis

Day Three

- Control Measures for Physical Hazards
- Control Measures for Chemical Hazards
- Control Measures for Biological Hazards
- Control Measures for Ergonomic Hazards
- Control Measures for Psychosocial Hazard

Day Four

- Regulatory Requirements and Standards
- Emergency Preparedness and Response
- Case Studies in Hazard Identification and Analysis
- Implementing Hazard Control Programs
- Communication and Training on Hazards

Day Five

- Technological Tools for Hazard Analysis
- Documentation and Reporting
- Continuous Improvement in Hazard Management
- Building a Safety Culture
- Future Trends in Hazard Identification and Analysis

Training Methodology:

- Slide presentations
- Interactive discussion
- Simulations and Gamification
- Online Video material

Cost Quotation in Kuwaiti Dinars

The total cost includes:

-  Instructor(s) expenses
-  Training materials
-  Certification
-  Lunch Included

Total Cost: 1250 KD per Participant
(One Thousand Two Hundred Fifty Kuwaiti Dinar)
