

GLOBAL EXPERTS INSTITUTE FOR TRAINING.
ISO 9001-2008 TRAINING PROVISION CERTIFIED

Oil & Gas Operations Advanced (Achieving Operational Excellence)

Schedule Dates:

Start Date	End Date	Place
23 Sept	27 Sept 2024	London – Double Tree by Hilton Kensington

Program Introduction:

The oil and gas industry are a complex and dynamic sector that requires operational excellence to remain competitive and sustainable. The "Oil and Gas Operations Advanced: Achieving Operational Excellence" training course is designed to provide industry professionals with advanced knowledge and skills to optimize operations, enhance safety, and improve efficiency. This course focuses on best practices, innovative techniques, and strategic approaches to achieve operational excellence in oil and gas operations.

Course Objectives:

- ✓ To deepen the understanding of advanced oil and gas operations.
- ✓ To explore strategies for achieving operational excellence in the oil and gas industry.
- ✓ To enhance skills in optimizing production, safety, and efficiency.
- ✓ To provide insights into the latest technological advancements and their applications in operations.
- ✓ To develop leadership and decision-making skills tailored to the oil and gas sector.
- ✓ To promote a culture of continuous improvement and sustainability in oil and gas operations.

Who should attend?

- Operations Managers in the Oil and Gas Industry
- Production Supervisors and Engineers
- Maintenance Managers and Engineers
- HSE (Health, Safety, and Environment) Managers
- Project Managers in Oil and Gas Operations
- Quality Assurance Professionals
- Technical and Process Engineers
- Senior Technicians and Field Operators

Program Outlines

Day One

- Overview of Advanced Oil and Gas Operations
- Operational Excellence Framework
- Advanced Production Optimization Techniques
- Process Safety Management
- Maintenance Excellence in Oil and Gas

Day Two

- Asset Integrity Management
- Operational Risk Management
- Lean Management in Oil and Gas Operations
- Advanced Process Control and Automation
- Digital Transformation in Oil and Gas Operations

Day Three

- Performance Monitoring and KPIs
- Energy Efficiency and Sustainability
- Project Management Excellence
- Supply Chain Management in Oil and Gas
- HSE Leadership and Culture

Day Four

- Quality Management in Oil and Gas Operations
- Operational Decision-Making and Problem-Solving
- Regulatory Compliance and Auditing
- Emergency Preparedness and Response
- Human Factors and Workforce Development

Day Five

- Innovation and Continuous Improvement
- Advanced Drilling and Production Techniques
- Environmental Management in Oil and Gas Operations
- Global Trends and Future Outlook
- Case Studies and Best Practices

Training Methodology:

- Slide presentations
- Interactive discussion
- Simulations and Gamification
- Online Video material

Cost Quotation in Kuwaiti Dinars

The total cost includes:

-  Instructor(s) expenses
-  Training materials
-  Certification
-  Lunch Included

Total Cost: 1500 KD per Participant
(One Thousand Five Hundred Kuwaiti Dinar)
